ADDENDUM # 1

From: Lena Butler, Purchasing Supervisor
To: All Respondents
Project: RFQ # 19-0304-Shoreline Mapping and Evaluation
Date: January 18, 2019

This addendum is related to the County’s Request for Qualifications “RFQ # 19-0304-SHORELINE MAPPING AND EVALUATION” and is hereby made a part of said Request for Qualification to the same extent as though it were originally therein.

Questions Received:

1. We are considering to respond to the Request for Qualification for the oceanfront shoreline and inlet shoulder mapping RFQ# 19-0304 SHORELINE MAPPING. The RFQ mentions about an existing project north of Shell Island Resort (SIR), which has a survey mapping component that will need to be integrated to the proposed surveying efforts.
   I would like to know which firm / surveyor is currently performing the project at north of SIR
   And is there currently a Geospatial firm performing this work or the aerial flights to NHC?

   The firm with the contract for the Masons Inlet work north of SIR is Gahagan and Bryant. The team performing the Shoreline Mapping is Moffat and Nichol with Geodynamics.
