NEW HANOVER COUNTY
ENVIRONMENTAL MANAGEMENT DEPARTMENT
RFB 19-0321
LANDFILL WIND FENCE CONSTRUCTION
ADDENDUM #1

RESPONSES TO BIDDER QUESTIONS

1. Whose responsibility is it to remove the damaged fence in Project B?
   • The Contractor is responsible for removing the damaged fence and wiring that
cannot be reused for repairs. Debris may be placed in containers located at the
NHC Landfill’s Customer Convenience Site at no charge to the Contractor.

2. Will Project A and Project B go at the same time, or will a separate mobilization be
required?
   • Both projects will occur at the same time. No separate mobilization is required.

3. Please confirm that no gates are required for Project B.
   • Confirmed: No gates are required for Project B.

4. Please provide bracing detail on corners & start/end points.
   • Bracing will be the same as the existing bracing viewed in the field (see attached
     sketch). Corners are to be braced in 2 directions off corner posts.
