

## ADDENDUM # 1

**From:** Lena Butler, Purchasing Supervisor  
**To:** All Bidders  
**Project:** RFB-Prepositioning Contract for Passenger Vehicles & Truck Rentals  
**Date:** September 23, 2020

---

This addendum is related to the County's Request for Proposals "**RFB- PREPOSITIONING CONTRACT FOR PASSENGER VEHICLES & TRUCK RENTALS**" and is hereby made a part of said Request for Bids to the same extent as though it were originally therein.

---

- Q1. Can you tell me if this is an all or nothing bid? Our company Automax Rent A Car, dba, Busmax Rent a Bus holds vehicle rental contracts with DHS, FEMA, GEMA, The City of Charlotte, and other government entities throughout the United States. We rent 15-passenger non-cdl buses, suvs, pickup trucks, passenger vans and other vehicles. We currently rent to Southern Company for disaster response too.
- A1. This is not an all or nothing bid. Bidders may bid only on the items that they can provide. Please state "No Bid" if you are not bidding on an item.
- Q2. In order to submit a bid, do we have to fill out a Pre-Bid Questionnaire? We rent vehicles so I'm not sure that some of the questions about contractors apply to us.
- A2. No, we don't have a pre-bid questionnaire requirement.
- Q3. In you RFP you mention these vehicles below specifically. Would you be able to elaborate on this? Will these be needed for every disaster? Cargo Van, 26' Box Truck, 1-Ton 4 WD Pickup, Medium Sized SUV.
- A3. We would not necessarily need all of these vehicles for each contract activation. We DO want awarded party to ensure, upon contract activation, that the vehicle types/specs and quantities below would be available within the expected timeframes listed in the bid. At contract activation, there would be conversation regarding how many of each vehicle the county would need and what the timeframes they're needed.
