7.9.5. Failure of County to demand a certificate of insurance or other evidence of full compliance with these insurance requirements or failure of County to identify a deficiency from evidence that is provided shall not be construed as a waiver of Contractor’s obligation to maintain such insurance.

7.9.6. County does not represent that coverage and limits will be adequate to protect Contractor and such coverage and limits shall not be deemed as a limitation of Contractor’s liability under the indemnities granted to County in this Contract.

7.9.7. If Contractor fails to maintain the insurance as set forth herein, County shall have the right to purchase said insurance at Contractor’s expense. Contractor agrees to reimburse County for all expenses incurred for such purchase.

9. **Default and Termination.** If Contractor fails to prosecute the work or services with such diligence as will insure its completion within the Contract time, or if Contractor breaches any of the terms or conditions contained in this Contract and fails to cure said breach within two (2) days of County's mailing of Notice of Default, or otherwise fails to perform the work or services hereunder to the County's reasonable satisfaction, County may terminate this Contract forthwith. Upon termination, County may, without prejudice to an action for damages or any other remedy, take the prosecution of the work or services out of the hands of Contractor. County may enter into another Contract for the completion of the Contract, or use such other methods as may be required for the completion of the Contract. County may deduct all costs of completing the Contract from any monies due or which may become due to Contractor. In the event this Contract is terminated prior to completion of the services by the Contractor, the Contractor shall be paid for work or services performed to the date of termination. In no event will the amount due Contractor in the event of termination exceed that amount set forth in this Contract. Nothing contained herein shall prevent the County from pursuing any other remedy, which it may have against Contractor, including claims for damages.

10. **Termination for Convenience.** County may terminate this Contract for convenience at any time and without cause. Upon receipt of notice, Contractor shall immediately discontinue providing the work or service and, if applicable, the placing any

SCOPE of WORK

New Hanover County is soliciting bids for the crushing of approximately 15,000 – 20,000 tons of concrete located at the New Hanover County Landfill located at 5210 Highway 421 North, Wilmington, North Carolina. The material to be crushed consists of concrete, brick/block and a small percentage of granite/marble. Bidders shall provide a turn-key $/ton price for crushing services.

The project consists of two crushing events. The first event will consist of crushing all material currently on the ground (approximately 15,000 tons). The second event will be much smaller (approximately 5,000 tons) and occur later in the fiscal year to line up with the start of the capital building project. The second event will generally consist of clearing out the site prior to work beginning on the capital project. The cost/ton shall include mobilization, demobilization and any other costs associated with the work. The contractor shall coordinate with County staff so that crushed product can be loaded into County trucks for transport to a stockpile location during crushing. Bidders are encouraged to visit the project site prior to submitting bids. The project area is tight and other operations adjacent to the site will remain open during the work. Project specifications are as follows:

- Material shall be crushed to 1½ inch minus. Material shall meet NC DOT specifications for ABC;
- Contractor shall properly dispose of all trash and steel at the end of the job;
- Contractor shall provide a conveyor system capable of stock piling crushed product away from the crusher so that material can be hauled while crushing is ongoing;

County will randomly run loads of crushed material across certified scales at the site to verify accuracy of contractor conveyor scales. Conveyor scale weights shall be used as the basis for payment;
- Contractor shall provide all needed dust suppression to maintain compliance with OSHA regulations. A hose spigot and two (2) inch water line is available for use at the project site;
- Contractor shall begin the work within 10 business days of receipt of signed contract;
- Contractor shall complete the work within 8 weeks of the start date for each event.
Contractor Compliance Requirements
Introduction

The safety and health of all contractors, customers, and employees of the New Hanover County Department of Environmental Management is of primary importance. As a result, the prevention of occupationally induced injuries and illnesses will be given precedence over operating productivity whenever necessary.

Our goal is to maintain a safety and health program conforming to all applicable OSHA standards and to lead in safety program management within our industry. To be successful will require contractor cooperation in all safety and health matters.

As a contractor you will be required, as part of your contract, to take an active role in the Department of Environmental Management safety and health program. The following contractor safety and health requirements, when adhered to, will ensure safety for contractors, customers, and County employees. Additionally, potential damage to equipment and property will be avoided. It is impossible to document all possible situations or to provide precise guidance for every contingency a contractor may encounter in the course of their work. However, adherence to the rules as written and the desire to apply safe work practices will result in the highest level of safety.
General Requirements

1. All contractor employees shall abide by the Department of Environmental Management safety and health rules and regulations at all times. The DEM Safety Manual is available for copy or review in each of the Department’s offices.
