Project

New Hanover County seeks a qualified architectural team to provide services necessary for the design, construction and completion of a branch library with 20,000 useable square feet on a 2.95 acre parcel at 4400 Northchase Parkway NE, Wilmington, North Carolina in the northern portion of New Hanover County.

About New Hanover County - Overview

At less than 200 square miles, New Hanover County is the second smallest – geographically – of the 100 North Carolina counties; however, it currently ranks 9th in population with an estimated 229,000 people.

Tourism, film production, service and retail are the industries that power our economy. New Hanover County is committed to providing equitable opportunities and exceptional public services through good governance to ensure a safe, healthy, secure, and thriving community for all.

Demographics

As of 2020, the majority of New Hanover County's population (82.2%) identified as white, and 13.4% of the population identified as African American. In the last three decades, the proportion of the African American population in New Hanover County has decreased by approximately 5%, while the Hispanic population has grown and now represents approximately 5.8% of the County's population. Those who identify as Asian represent 1% of the local population.

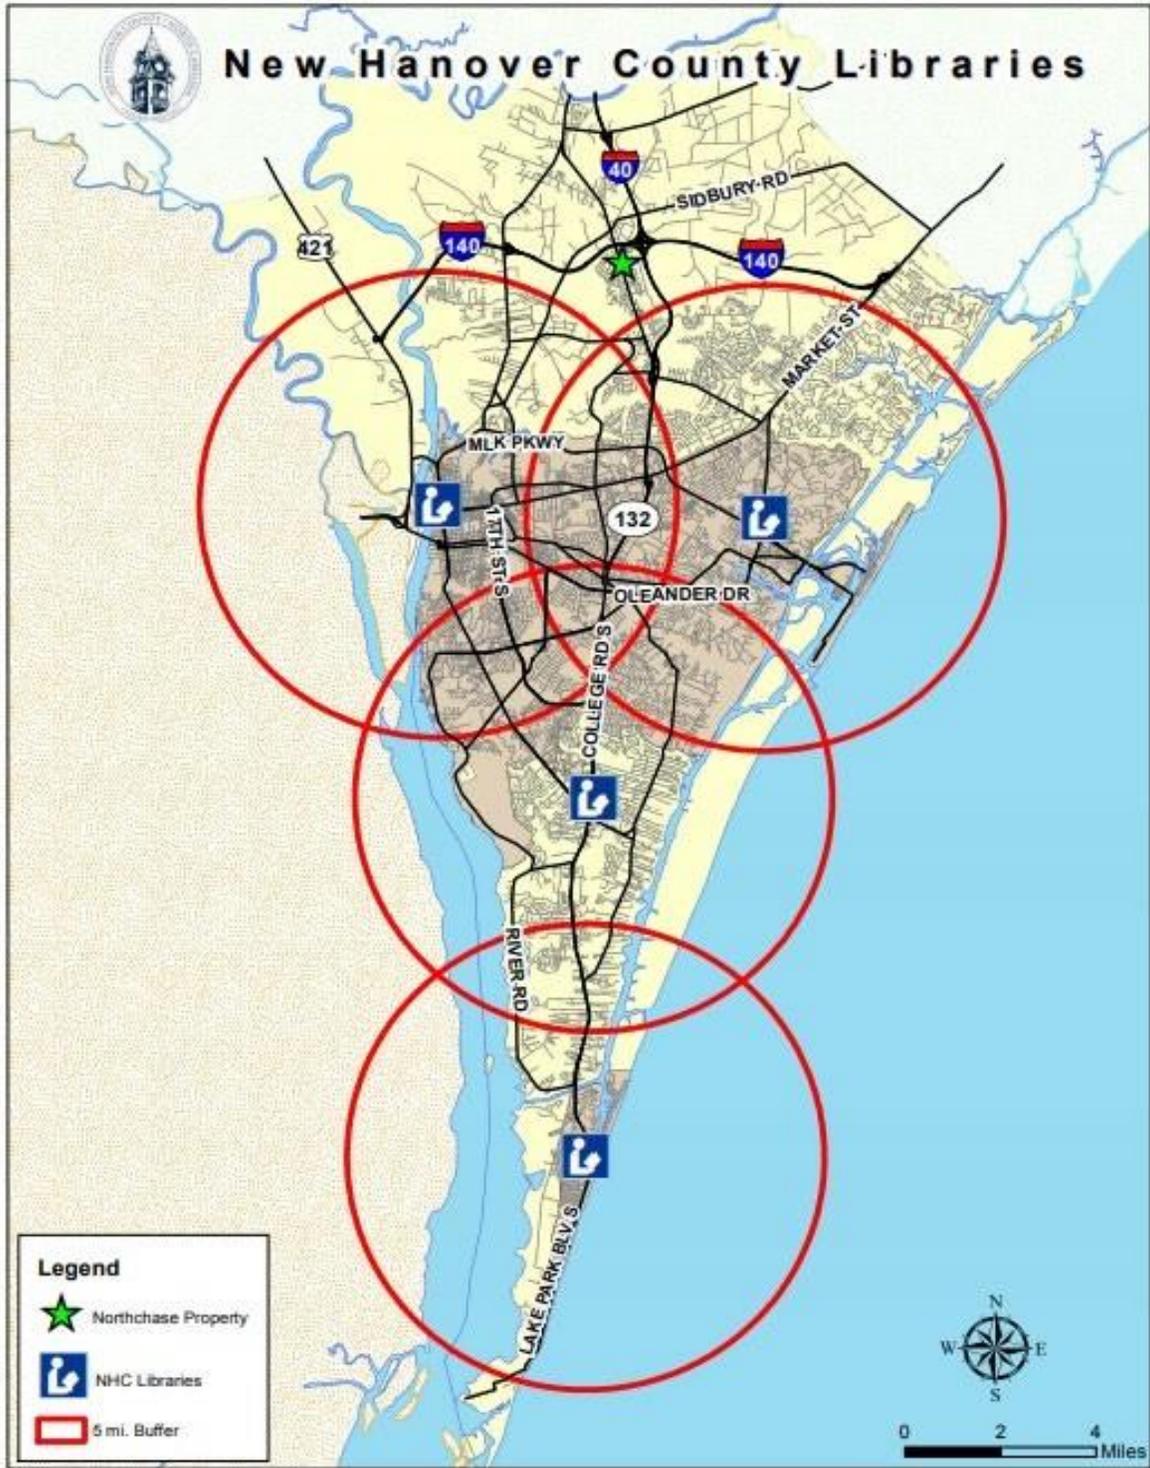

According to current U.S. Census data estimates, 18.2% of the population is 18 or under, 63.4% is 19-64 years old, and adults 65 and over represent 18.4% of the population. The older adult population is greater than the national average of 16.5%. Southeastern North Carolina is a popular retirement location.

Northern New Hanover County

During the past few years, development has accelerated in northern New Hanover County where the Northchase Library will be built. With other areas of the county fully developed, there has been a focus on extending utilities to the northern county and rezoning for high density housing.

There are several public schools in that area, a campus of Cape Fear Community College, and a satellite New Hanover County Senior Resource Center.

New Hanover County Public Library (NHCPL) celebrated its centennial in 2006. Today the library comprises four facilities: a downtown library on the west, Northeast Library to the east, Pine Valley Library in Wilmington's "midtown" district, and the storefront Pleasure Island Library serving the southern tip of the county. The Northchase Library completes the master plan for five library facilities, providing library service within five miles of every resident.

Pre-COVID, New Hanover County Public Library’s four branches annually circulated one million physical items, handled over 730,000 visits, and provided nearly 3,000 programs for adults and children. With a full-time equivalent staff of 49 and an operating budget of 4.5 million, NHCPL consistently ranks as a

high performer among comparable library systems across the state by keeping costs low and providing innovative programs and services.

Our vision:

An exciting destination where people gather, ideas flourish, and the information and technology resources needed for a community to prosper are made freely available.

Northchase Library

History

The long-range planning committee of the Library Advisory Board anticipated the need for a library in the northern part of New Hanover in 1996 and finalized the purchase of 4400 Northchase Pkwy NE in September 1996.

Anticipated Usage

Pine Valley Library, serving the southern end of the county, opened in May 2019. Like the anticipated Northchase Library, Pine Valley occupies a 2.95 acre lot, and is just under 20,000 square feet. The library quickly rivaled our other large branch in circulation and visits, with Pine Valley's monthly circulation of around 27,000 now accounting for over 40% of our system physical checkouts monthly. Physical visits are around 9,000 monthly.

With a high school and middle school close by and a campus of Cape Fear Community College in the north county, we look forward to welcoming a large teen and young adult population. The area's older adults are big library users, and we expect to partner with the satellite Senior Resource Center on programs for this demographic.

Desired features

- 20,000 square foot general use public library
- Flexible space to accommodate rapid change
- Children's space to provide programs and services to support the public schools in the area and accommodate the large number of young families in nearby developments
- Collections, equipment, and program space to serve older adults and focus on accessibility
- Teen room
- Study rooms for young adult and adult students
- Safe and adequate parking

The County and Architect hereby agree as follows:

ARTICLE I

ARCHITECT'S BASIC DUTIES TO COUNTY

1.1 By executing this Agreement, Architect represents to County that Architect is professionally qualified to act as Architect for this Project. Architect further represents to County that Architect will maintain all necessary licenses, permits or other authorizations necessary to act as Architect for this Project until Architect's duties hereunder have been satisfied. Architect assumes full responsibility to County for the negligent acts and omissions of its consultants or others employed or retained by Architect in connection with this Project.

1.2 Execution of this Agreement by Architect constitutes a representation that Architect has become familiar with the Project and the conditions under which the Project is to be implemented.

1.3 Schedule (See Exhibit A)

1.4 **Project Review Meetings.** Architect shall conduct a monthly Project meeting with County. This meeting will provide a comprehensive review of all aspects of the Project's status and provide a time for discussion of major policy, project performance, design, budget, and schedule issues that may arise.

1.5 Schematic Drawings

1.5.1 Architect shall review and examine existing information, including any desired schedule, budgetary requirements and preliminary design information furnished by County to understand the requirements of the Project and shall review the understanding of such requirements with County.

1.5.2 Architect shall review and discuss with County any alternative approaches to design and construction of the Project.

1.5.3 Architect shall prepare and submit to County for review, schematic design documents consisting of drawings and other documents illustrating the scale and relationship of proposed Project modifications.

1.5.4 Architect shall furnish County two (2) copies each of drawings, sketches, forms and reports as appropriate and necessary for County's use, review, and approval.

1.6 Detailed Design

1.6.1 Based on the schematic design documents and any adjustments authorized by County in its program, desired schedule or project budget, Architect shall prepare and submit to County for review, detailed design documents consisting of drawings and other documents to fix and describe the size and character of the Project as proposed or modified by County.

1.7 Construction Documents

1.7.1 Upon County's authorization, Architect shall prepare construction documents consisting of drawings and specifications setting forth in detail the requirements for construction of the Project. Such construction documents shall be reasonably accurate, coordinated and adequate for construction and shall be in conformity and comply with applicable law, codes and regulations in force at the time of preparations of the documents. Products specified for use shall be readily available unless written authorization to the contrary is given by County.

1.7.2 Architect shall furnish County with two (2) copies each of all completed drawings, specifications, reports, estimates, and contract documents and a set of reproducible disks.

1.8 Construction Administration

1.8.1 Architect shall provide administration of the construction contract as set forth below and shall perform those duties and discharge those responsibilities set forth herein and in the Agreement between County and Architect hereinafter referred to as the "Construction Contract."

1.8.1.1 Architect's responsibility to provide the Contract Administration Services under this Agreement commences with the award of the initial Contract for Construction and terminates at the issuance to County of the final Certificate of Payment. However, Architect shall be entitled to a Change in Services when Contract Administration Services extends sixty (60) days after the original date of Substantial Completion of the work.

1.8.1.2 Architect shall be representative of and shall advise and consult with County during the provision of the Contract Administration Services. Architect shall have authority to act on behalf of County only to the extent provided in this Agreement unless otherwise modified by written amendment.

1.8.2 Upon receipt, Architect shall review and examine the Contractor's Schedule of Values, together with any supporting documentation or data, which County or Architect may require from the Contractor. The purpose of such review and examination will be to advise County of an unbalanced Schedule of Values, which allocates greater value to certain elements of the work than is indicated by such supporting documentation or data or, than is reasonable under the circumstances. If the Schedule of Values is not found to be appropriate, or if the

supporting documentation or data is deemed to be inadequate, and unless County directs Architect to the contrary in writing, the Schedule of Values shall be returned to the Contractor for revision or supporting documentation or data. After making such examination, if the Schedule of Values is found to be appropriate as submitted, or if necessary, as revised, Architect shall sign the Schedule of Values thereby indicating its informed belief that the Schedule of Values constitutes a reasonable, balanced basis for payment of the Contract Price to the Contractor. Architect shall not sign such Schedule of Values in the absence of such belief unless directed to do so by County in writing.

1.8.3 Architect shall review the work of the Contractor whenever and wherever appropriate. The purpose of such inspections will be to determine the quality, quantity, and progress of the work in comparison with the requirements of the Construction Contract. 1.8.3.1 Architect shall neither have control over or charge of, nor be responsible for, the construction means, methods, techniques, sequences, procedures, or for safety precautions and programs in connection with the work, since these are solely the Contractor's rights and responsibilities under the Contract Documents. Architect will report to Owner any deficiencies in the construction means, methods, techniques, sequences, procedures, or safety observed by Architect or its representative.

1.8.3.2 Architect shall provide written reports of inspections and shall report to County known deviations from the Contract Documents and from the most recent construction schedule submitted by the Contractor. However, Architect shall not be responsible for the Contractor's failure to perform the work in accordance with the requirements of the Contract Documents. 1.8.6 The issuance of a certificate for payment shall constitute a representation by Architect to County that Architect has made a review of the work as provided herein and to the best of the knowledge, information and informed belief of Architect, that the work has progressed to the level indicated, that the quality of the work meets or exceeds the requirements of the Construction Contract, and that, the Contractor is entitled to payment of the amount certified. The issuance of a Certificate of Payment shall not be a representation that Architect has reviewed construction means, methods, techniques, sequences or procedures or ascertained how or for what purpose the Contractor has used money previously paid on account of the Contract Sum.

1.8.7 Architect shall render written or graphic interpretations necessary for the

proper execution or progress of the work with reasonable promptness on request of County.

Architect shall review and approve all testing reports pertaining to project construction.

1.8.9 Architect shall review and approve, or take other appropriate action upon, the Contractor's submittal such as Shop Drawings, Product Data and Samples. Approval by Architect of the Contractor's submittal shall constitute Architect's representation to County that such submittal is in conformance with the Construction Contract. Such action shall be taken with reasonable promptness to cause no delay to the Contractor or the Project. Architect's review shall not constitute approval of safety precautions or, unless otherwise specifically stated by Architect, of any construction means, methods, techniques, sequences or procedures. Architect's approval of a specific item shall not indicate approval of an assembly of which the item is a component.

1.8.10 Architect shall review, and advise County concerning, proposals and requests for Change Orders from the Contractor. Architect shall prepare Change Orders for County's approval and execution in accordance with the Construction Contract and shall have authority to order with the consent of County, by Field Order, minor changes in the work not involving an adjustment in the Contract Price or an extension of the Contract Time.

1.8.11 Architect shall conduct a review to determine the date of Substantial Completion and the date of Final Completion, shall receive and forward to County for County's review written warranties and related documents required by the construction contract and assembled by the Contractor, and shall, when appropriate, issue a final Certificate for Payment.

1.8.12 Architect shall, without additional compensation, promptly correct any errors, omissions, deficiencies or conflicts in Architect's work product.

1.8.14 Architect shall provide a set of reproducible (inks on Mylar) record drawings of projects showing significant changes in the works made during construction based on marked-up prints, drawing and other data furnished by the Contractor to Architect. Architect shall be able to rely on the completeness and accuracy of this information.

6.3.2 Each insurance policy required by this Contract shall be endorsed to state that coverage shall not canceled by either party except after thirty (30) days prior written notice has been given to County, 230 Government Center Drive, Ste. #125, Wilmington, NC 28403. 6.3.3 If Architect's liability policies do not contain the standard ISO separation of insureds provision, or a substantially similar clause, they shall be endorsed to provide crossliability coverage.

6.7.6 County request of insurance does not represent that coverage and limits will be adequate to protect Architect and such coverage and limits shall not be deemed as a limitation of Architect's liability under the indemnities granted to County in this Contract.

6.7.7 If Architect fails to maintain the insurance as set forth herein, County shall have the right, but not the obligation, to purchase said insurance at Architect's expense. Architect agrees to reimburse County for all expenses incurred for such purchase.
